Hello!

Naperville Community Unit School District 203 offers a comprehensive suite of benefits to help support the physical and financial health of you and your family. These benefits help you pay for health care and provide financial protection for you and your family.

Read this guide carefully to fully understand your benefits and how they work in order to make the best decision for you and your family. Being thoughtful about your benefits is a good thing – it's the first step to ensuring your family has the protection needed to be healthy throughout the year.

Effective January 1, 2025, BCBS medical benefits will remain the same, but Guardian will be our new carrier for ALL ancillary lines.

This guide provides **highlights** of your benefits programs. Keep this guide with your other important papers so you can refer to it as needed. For a complete description of your benefits please refer to your benefit plan certificates, located on your employee benefits account.

Enrollment

New Employee Enrollment As a newly hired employee of Naperville Community Unit School District 203, you are eligible to make an election of benefits within 31 days of your effective date.

Existing Employee Enrollment Annual Benefits Enrollment starts mid-October to make elections for benefits effective January 1 to December 31. If you wish to change benefits outside of the Annual Benefits Enrollment period, **you may only do so within 31 days of an IRS qualifying life event**, such as:

- Employee's legal marital status changes, such as marriage, divorce, separation or the death of a spouse
- A change in the number of dependents, such as birth, death or adoption
- Changes in employment status of the employee, spouse or dependents, **which affects benefit eligibility status**. This includes beginning or ending employment, new or different work hours, a change due to a strike, a change from full-time to part-time status or vice versa or beginning or ending an unpaid leave of absence
- A dependent becoming eligible or ineligible for coverage due to age, obtaining other group coverage or any similar circumstance

Benefit changes due to a qualifying life event must satisfy a consistency rule. That is, an election of benefits or change in coverage must be on account of, and correspond with, the change in status that affects eligibility for coverage under the medical and dental plan.

Voluntarily terminating existing benefits does not qualify as an IRS qualifying life event. You have the right to terminate your benefits with Naperville CUSD 203 during the Annual Benefits Enrollment period. The last effective date of coverage will be December 31; you may not rejoin the plan until the next Annual Benefits Enrollment period unless you experience an IRS qualifying life event.

It is your responsibility to notify your Employee Benefits Specialist and take action within 31 days of an IRS qualifying life event date. Any misrepresentations, inaccurate information, or failure to provide information could result in the loss of coverage. If you cover an individual who is not eligible for benefits, you will be required to reimburse the plan for any expenses incurred as a result and further disciplinary actions may be taken.

Enrollment in Naperville CUSD 203's **family** health care plan requires proof of dependent eligibility. Eligible dependents are spouses, civil union partners, and children (biological, adopted and those for whom you have legal guardianship and accompanying documentation) under age 26. You will be required to provide the following documents (as applicable) to the Employee Benefits Specialist:

- A copy of your Marriage or Civil Union Certificate OR a copy of your most recent joint Federal Tax Return
- A copy of the Birth Certificate for each dependent to be covered under the plan, excluding your spouse, OR Adoption Certificate or Court Order
- Spousal/Civil Union Partner Affidavit

Divorced or legally separated spouses are ineligible for coverage as of the day of the divorce or legal separation. Dependent children are eligible for coverage through the month they turn age 26. **It is essential to notify your Benefits Specialist of a change in eligibility within a timely manner to ensure your dependent's right to COBRA Continuation.**

District 203 offers four choices for medical/prescription plans through BlueCross BlueShield of Illinois. Each of the plans uses a specific BCBS network. To take full advantage of each plan, it is important to confirm in-network status with BCBSIL prior to services being rendered. Visit BCBSIL.com or call 1.800.458.6024 to check for in-network providers for your chosen medical plan

Members are required to contact the Utilization Review department at the toll-free telephone number identified on your ID card one business day prior to elective admission or within two business days after an emergency or maternity admission. Failure to receive Preauthorization will result in a \$200 reduction of benefits.

Mental Health Unit: The Mental Health Unit assists in the administration of Mental Illness and Substance Abuse Rehabilitation Treatment benefits. The Mental Health Unit requires a review of inpatient hospital, emergency mental illness or substance abuse admission, partial hospitalization and outpatient services before they are rendered. Guardian Dental Plan – Group Number 068729

When you enroll in one of Naperville Community Unit School District 203's medical/prescription plans, you are **automatically** enrolled in the dental plan through Guardian. Regular dental checkups are important to your overall health and can reveal early indications of serious conditions like osteoporosis and cardiovascular disease. An oral exam can help keep your teeth and gums healthy throughout your life.

Guardian's PPO Plan has access to one of the largest networks of dentists with two reimbursement levels that give you more control over savings. You will always save money with any dentist in Guardian's network and when the dentist belongs to a Tier 1 reimbursement level you will maximize your savings. Reimbursement for covered services received from a non-contracted dentist will be based on a percentile of the prevailing fee data for the dentist's zip code. To find a dentist in Guardian's PPO Network (DentalGuard Preferred), log on to www.Guardianlife.com or call 1.888.600.1600.

The information below highlights some of the plan features for covered services. Please contact Guardian for the benefit plan certificate for full coverage information.

| Plan Features – Group # 068729 | Tier 1 | Tier 2 |
|---|--|---|
| Calendar Year Deductible | \$50 per Member | \$50 per Member |
| Annual Maximum | \$2,500 per Member (applies to all levels) | |
| Preventive Services | 80% after deductible | 80% of 90 th UCR* after deductible |
| Basic Services | 80% after deductible | 80% of 90 th UCR* after deductible |
| Major Services | 50% after deductible | 50% of 90 th UCR* after deductible |
| Orthodontic Services (children under age 19) | 50% after deductible | 50% of 90 th UCR* after deductible |
| Orthodontia Lifetime Maximum | \$2,000 per Member (applies to all levels) | |

Preventive Services include oral examinations (two per calendar year), x-rays, cleanings (two per calendar year), topical fluoride treatment (one per benefit year for children under age 19), and sealants.

Basic Services include fillings, oral surgery, general anesthesia (in conjunction with oral surgery), periodontics, and endodontics (root canals).

Major Services include crowns, fixed/removable bridges, partial/full dentures, and implants.

***Please note:** Out-of-Network providers are paid based on the 90th UCR (Usual, Customary, and Reasonable). This means that 90% of providers in your area charge that amount or less for a given procedure. This is the amount that the insurance company will pay from an out of network provider. This results in lower out of pocket fees for the member. Please contact Guardian for more information.

Guardian Vision Plan – Group Number 068729

When you enroll in one of Naperville Community Unit School District 203's medical/prescription plans, you are given the **option** to enroll in a vision care plan through Guardian. Vision health impacts your overall health. Routine eye exams can lead to early detection of vision problems and other diseases such as diabetes, hypertension, multiple sclerosis, high blood pressure, osteoporosis, and rheumatoid arthritis. It is recommended that you have an eye exam once every 12 months.

To find an in-network vision provider (Davis Vision), visit www.guardianlife.com or call 1.888.600.1600.

The information below highlights some of your plan features. Please contact Guardian for the benefit plan certificate for full coverage information.

- ✓ **Outcome Based Wellness Program Participation:** If you, or your spouse/civil union partner under the family plan, decline to participate in the wellness screening or fail meet the requirements of the Outcomes Based Wellness Program, your total yearly premium contribution will increase \$300.00 for the employee only plan or \$600.00 for the family plan. Employee contributions will be adjusted accordingly on the first payroll in January.
- ✓ **Spousal/Civil Union Partner Surcharge Exemption:** If your spouse or civil union partner is eligible for medical coverage through his/her employer that meets the Affordable Care Act's essential benefits, minimum value, and affordability requirements **and** is enrolled in one of the District 203's medical/prescription plans, you will be assessed a surcharge of \$175 per month (\$80.77 per payroll based on 26 pays and \$105.00 per payroll based on 20 pays). The surcharge applies regardless if the District 203 coverage is primary or secondary but does not apply to spouses/civil union partners with non-company sponsored health plans such as COBRA, Medicare and Veteran's Affairs.

Outcomes-Based Wellness Program

Wellness begins with awareness and Naperville Community Unit School District 203 continues to take proactive steps to promote overall well-being. District 203 encourages you, and your spouse or civil union partner, if applicable, to participate in the Outcomes Based Wellness Program to receive a bigger picture of your overall health and to help identify any early warning signs of disease.

[CHC Wellbeing](#) is on-site to administer the screening, which includes a simple questionnaire, blood pressure and a blood draw. Each participant receives their own confidential summary report that provides an overview of their results, written in non-medical language for easy interpretation.

The basic wellness screening is offered at no cost to eligible employees and spouses, or civil union partners covered under District 203's medical/prescription Plan. To receive the with-Wellness rate on the medical/prescription monthly premium contribution, both the employee and covered spouse or civil union partner must meet the criteria of the Outcomes Based Wellness Program.

The wellness screening complies with all current HIPAA requirements and is strictly confidential. District 203 receives a general report that combines the entire company's health screening results to assist in continued wellness initiatives; however, CHC does not share any specific individual results.

In preparation for the health screening, it is recommended that you fast 10-12 hours before testing. You may drink black coffee or tea (no cream or sugar) during the fast and should drink two glasses of water two hours prior to the screening. If you are diabetic or hypoglycemic, please consult your physician for fasting instructions.

Most medications can be taken prior to your screening and will not affect your results. Please consult your physician if you have a question about any medication, you are currently using. Those taking insulin should call their doctor regarding their insulin dose the morning of the screening.

Employees, spouses and civil union partners must present their insurance card and employee number at the time of the screening. Screening dates and locations are coordinated by the Benefits Department and communicated to all employees.

Inspira Flexible Spending Accounts (FSA)

Flexible Spending Accounts (FSAs) are optional plans offered by Naperville Community Unit School District 203 through Inspira Financial that allow you to save money by using pre-tax dollars to pay for your out-of-pocket health care and dependent care expenses. The amount you select will be deducted biweekly on a pre-tax basis from your pay (based on 26 or 20 pays). The FSA plan year aligns with the calendar year, running January 1 to December 31.

Health Care Flexible Spending Account (HFSA)

The HFSA allows you to pledge pre-tax money for qualified health care expenses that you, your spouse and/or your dependent children incur throughout the plan year. You do not need to be enrolled in medical, dental or vision coverage through the District to enroll in the HFSA.

- You may contribute up to \$3,200 to your HFSA for the 2025 Plan Year. This contribution limit is subject to change per IRS regulations.
- Your share of expenses which are not reimbursed by a health care plan, such as copays, deductibles, and out-of-pocket expenses, are eligible to be claimed from the HFSA plan.
- The IRS and Naperville Community Unit School District 203 allow you to claim any unused HFSA amounts after the end of the plan year for expenses incurred until March 15 of the new plan year. All claims, including those incurred during the grace period, must be submitted by March 31. The "Use It or Lose It" rule applies to any funds left in your HFSA account after the grace period has expired.

Dependent Care Flexible Spending Account (DCA)

The DCA allows you to pledge pre-tax money for qualified dependent care expenses you incur throughout the plan year. Eligible dependents are those whom you are entitled to claim as dependents on your federal tax return, are under age 13, and/or a disabled spouse or other disabled tax-qualified dependent who spends at least eight hours a day in your home. If you are married, your spouse must also work, be a full-time student or be disabled.

- You may contribute up to \$5,000 to your DCA for the 2025 Plan Year if you are single or if you are married and file a joint return.
- You may contribute up to \$2,500 to your DCA for the 2025 Plan year if you are married and file separate income tax returns.
- Expenses such as day care, before- and after-school programs, summer day camp and adult day care are eligible to be claimed from the DCA plan.

All DCA expenses must be incurred during the plan year and submitted by March 31. The "Use It or Lose It" rule applies to any DCA funds left in your account at the end of the plan year. There is no grace period for the DCA.

Lively Health Savings Account (HSA)

If you enroll in the Blue Choice Options HDHP or Blue Choice Select HDHP medical/prescription plan offered by Naperville Community School District 203, you may be eligible to open a Health Savings Account (HSA) with Lively to help you save pre-tax dollars to pay for out-of-pocket health care expenses. The funds in your HSA belong to you and may be used tax-free for current or future IRS qualified medical expenses or may be left to accumulate for use during retirement. The funds deposited into the account and the earnings are tax-deferred; funds withdrawn for IRS qualified medical expenses are tax-free.

To be eligible to open or contribute to an HSA, you must be:

- ✓ Covered by a qualified HDHP
- ✓ Not enrolled in Medicare
- ✓ Not listed as a dependent on another person's income tax return
- ✓ Not covered by another non-HSA qualified medical plan – including an HFSA

Your spouse's non-HSA qualified coverage does not affect your ability to contribute to an HSA as long as it does not cover you. However, if you or your spouse participates in a Health Flexible Spending Account (HFSA), you are considered "covered" by a non-HSA qualified plan and as such cannot contribute to an HSA unless the FSA is limited-purpose and applies only to dental and/or vision expenses.

Note for Annual Benefits Enrollment: If you switch to one of the HDHPs from a PPO and have a health care flexible spending account, the balance in your HFSA account must be zero (\$0.00) on December 31, 2024. If you carry any balance into the following year, you cannot become HSA-eligible until the first day of the month after the grace period ends – April 1, 2025. Your 2025 total HSA contribution cannot exceed the maximum based on a nine-month year. The employer contribution to your Health Savings Account will be prorated accordingly, as well as your employee contribution, as applicable. If you have funds in your HFSA, you may continue to claim expenses against your HFSA through the grace period.

Contributions to an HSA may be made by an employee using pre-tax payroll deductions, bank deposits, or a one-time rollover from an IRA, as well as those made by District 203. HSA contributions are limited by the U.S. Internal Revenue Service based on the calendar year. The maximum amount that can be contributed to an HSA for 2025 (employee and employer contributions combined) is \$4,300 for employee only coverage and \$8,550 for family coverage. Individuals over age 55 may make an additional "catch-up" contribution of \$1,000 annually.

District 203 has committed to contributing to the Lively HSA of each eligible employee who participates in the Blue Choice Options HDHP or Blue Choice Select HDHP for the 2025 Plan Year. District 203 will contribute \$1,250 for employee only coverage and \$2,500 for family coverage to employees who remain in or elect a high-deductible health plan during Annual Benefits Enrollment. The annual district contribution will be deposited in **January 2025** as long as the employee has an active Lively HSA through Naperville 203. For the balance of the year, contributions will be prorated for employees not eligible for an HSA for the entire year.

You may withdraw funds from your HSA for any purpose at any time. However, funds withdrawn for reasons other than IRS qualified medical expenses will be taxed and, for those under age 65, subject to a penalty. Funds for IRS qualified medical expenses may be withdrawn tax- and penalty-free as long as the expenses are incurred after the HSA was established. You may even use HSA funds tax- and penalty-free for the qualified medical expenses of your IRS-defined tax dependents even if they are not covered under the HDHP. Qualified medical expenses are defined under Section 213 of the IRS Code (see IRS Publication 502).

If at any point, you no longer meet the eligibility requirements for an HSA, you may no longer make contributions. However, the balance of your HSA will not be affected, and you may use any existing funds in your account to pay for IRS qualified medical expenses tax-free (even if you no longer have HDHP coverage) or continue to save the funds with tax-free interest until used. If you are not HSA eligible for the entire tax year, it is generally prudent to prorate your contributions.

Retirement Savings Plan

Naperville Community Unit School District 203 offers employees the opportunity to save for retirement by participating in a 403(b)/457 retirement saving plan.

A 403(b)/457 plan allows you to contribute a portion of your compensation on a **pre-tax** basis in order to save for your retirement. The pre-tax contributions are made to the plan by payroll deduction and grow tax-free until they are withdrawn. This means you are lowering your taxable income now and will potentially lower the amount of income tax you will pay on your retirement funds at the time of withdrawal, as you may be in a lower tax bracket then. The District 403(b) plan also allows you to contribute a portion of your compensation on a **post-tax** (Roth) basis. These contributions are also made to the plan by payroll deduction.

All employees are eligible to make contributions to these plans.

US OMNI is our third-party administrator for these plans. A list of approved investment providers and contribution documents can be found on our plan page at omni403b.com/plandetail/1452. If you wish to increase or decrease your plan contributions or request any additional services (such as loans or withdraws), you will find those forms at this site as well. US OMNI's customer service line is 877-544-6664.

In 2024, you may contribute up to \$23,000 to both your 403(b) plan and your 457(b) plan. The Limit for 2025 has not been set yet by the IRS. You may be eligible for additional 403(b) contributions if you will be age 50 or older in the 2025 calendar year or if you have completed at least 15 years of employment with Naperville 203 in 2024. Please reach out to US OMNI to see if you qualify for the additional contribution options. The contribution limits are subject to change per IRS regulations.

This information is for educational purposes only and is not intended as tax or legal advice. Neither your employer nor the investment providers offering retirement savings products can provide you with tax or legal advice. Employees are encouraged to contact their financial representative or tax professional with any questions.

Healthcare Terms

To help you understand how your health plans work, please review the following terms and definitions.

Calendar Year Deductible: The amount a member pays out-of-pocket for services before plan co-insurance is applied.

Co-Insurance: The percentage of medical costs that a member shares with the insurance company after deductibles are met.

Copay: The amount a member pays for specific treatment or prescription drug. This is usually payable at the time of service and does not apply toward the deductible.

Emergency Room vs. Urgent/Immediate Care: Emergency rooms are meant for life threatening illnesses or emergency accidents. They are for things like chest pain, breathing problems, and excessive bleeding. If you need to be seen by a doctor for something other than an emergency and cannot wait for an appointment with your regular physician, try using an Urgent/Immediate Care Center. These centers are designed to treat you in an office visit setting. The cost to you may be less than using an emergency room.

Generic Drugs: Generic drugs have the same active ingredients as their brand name counterparts with no compromise in quality, yet they are 40% to 60% less expensive. Generic drugs cost less because they do not require the same costly research, development and sales expenses associated with brand name drugs.

In-Network: You are considered to be in-network if you visit providers that participate with your health plan. In-network coverage means the plan will pay a higher percentage of benefits and you will have lower out-of-pocket costs. Participating providers have signed contracts to accept discounted or negotiated fees as payment in full.

Medical Out-of-Pocket: The total a member will pay in co-insurance and medical copays in the calendar year excluding deductible.

Out-of-Network: You are considered to be out-of-network if you visit a provider that has chosen not to participate with your health plan (non-participating providers). Non-participating providers do not have contractual arrangements with the insurance carrier and can bill for charges in excess of your plan's maximum allowable fee. These charges are in addition to the higher deductibles and co-insurance amounts that apply to your out-of-network benefits.

Plan Year: The benefit plan year is January 1 through December 31.

Preventive Services: Physicals and eligible non-diagnostic tests, well baby/child exams, eligible immunizations, and wellness visits as defined by the plan or U.S. Preventive Services Task Force.

Total Out-of-Pocket Maximum: The maximum amount a member could pay per calendar year, including deductible, copays and co-insurance but excluding premiums; balance of billed charges out-of-network; and health care expenses the plan does not cover.

Appendix A

Semi-Annual Notice Regarding Health Insurance Coverage for Dependents

Illinois law requires your Health Plan to allow dependents the right to elect or continue coverage until the dependent reaches the age of 26 (and until the age of 30 for military veteran dependents).

Enrollment Period: Aside from your initial eligibility to participate in your Plan, you may elect coverage of any dependent not currently covered under the Plan during the Plan's Annual Benefits Enrollment period. If the Plan does not have an open enrollment period, coverage election may occur during the 31-day period prior to the Plan's annual renewal date. The effective date of coverage for each newly enrolled dependent will be governed by the terms of your Plan's summary plan description.

Military Veterans: In connection with military veteran dependents 26 years of age and older, such dependents must:

- 1) reside in Illinois;
- 2) not be married;
- 3) have served in the active or reserve components of the United States Armed Forces, including the National Guard;
- 4) have received a release or discharge other than a dishonorable discharge; and
- 5) have submitted a proof of service using a DD2-14 (Member 4 or
- 6) form, otherwise known as a "Certificate of Release or Discharge from Active Duty." This form is issued by the federal government to all veterans. For more information as to how to obtain a copy of the DD2-14, the veteran can call the Illinois Department of Veterans' Affairs at 1-800-437-9824 or the United States Department of Veterans' Affairs at 1-800-827-1000.

Cost: Your employer may require you to pay all or part of the cost of the extended dependent coverage for military veterans from the age of 26 to 30, which may be taxable. For additional information, please consult your benefits department.

Important Notice Regarding Medicare

If you are considering joining a Medicare drug plan, please read this notice carefully.

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Your Plan has determined that the prescription drug coverage offered by your Employee Benefit Plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15 through December 7. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two-month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens to Your Current Coverage if You Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current coverage may be affected. Moreover, if you do decide to join a Medicare drug plan and drop your current coverage, be aware that you and your dependents may not be able to get this coverage back. *Please contact BCBSIL for more information about what happens to your coverage if you enroll in a Medicare Part D prescription drug plan.*

When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage and do not join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later. After 63 continuous days without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, after 19 months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information about This Notice or Your Current Prescription Drug Coverage

Contact Member Advocacy for further information. **This is a yearly notice.** You will also get it before the next period you can join a Medicare drug plan and if your current drug coverage changes. You also may request a copy of this notice at any time.

Federal Notices

Newborns' and Mothers' Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section.

However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable).

In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Women's Health and Cancer Rights Act

The Women's Health and Cancer Rights Act of 1998 requires plans which provide mastectomy coverage to provide notice to individuals of their right to benefits for breast reconstruction following a mastectomy.

Benefits for medical and surgical treatment of reconstruction in connection with a mastectomy are further clarified as follows according to the requirements of the Act:

- All stages of reconstruction of the breast on which a mastectomy has been performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Coverage for prostheses and treatment of physical complications of mastectomy, including lymphedemas, in the manner determined in consultation with the attending physician and the patient

If you would like more information about the benefits available for mastectomy related services, please refer to your Plan Document/Summary Plan Description or call your Plan Administrator.

You may request a reasonable accommodation or an alternative standard by contacting CHC Wellbeing at 866-373-4242.

You may request that we transmit your medical information directly to another person you designate. If so, we will provide the copy to the designated person. Your request must be in writing, signed by you and must clearly identify the designated person and where we should send the copy of your medical information.

Disclosure Accounting: You have the right to a list of instances from the prior six years in which we disclose your medical information for purposes other than treatment, payment, health care operations, as authorized by you, and for certain other activities.

You should submit your request to the contact at the beginning of this notice. We will provide you with information about each accountable disclosure that we made during the period for which you request the accounting, except we are not obligated to account for a disclosure that occurred more than 6 years before the date of your request and never for a disclosure that occurred before the plan's effective date (if the plan was created less than six years ago).

Appendix A

Privacy Practices Notice

Amendment: You have the right to request that we amend your medical information. You should submit your request in writing to the contact at the beginning of this notice.

We may deny your request only for certain reasons. If we deny your request, we will provide you a written explanation. If we accept your request, we will make your amendment part of your medical information and use reasonable efforts to inform others of the amendment who we know may have and rely on the unamended information to your detriment, as well as persons you want to receive the amendment.

Restriction: You have the right to request that we restrict our use or disclosure of your medical information for treatment, payment or health care operations, or with family, friends or others you identify. We are not required to agree to your request, except for certain required restrictions, described below. If we do agree, we will abide by our agreement, except in a medical emergency or as required or authorized by law. You should submit your request to the contact at the beginning of this notice. We will agree to (and not terminate) a restriction request if:

1. the disclosure is to a health plan for purposes of carrying out payment or health care operations and is not otherwise required by law; and
2. the medical information pertains solely to a health care item or service for which the individual, or person other than the health plan on behalf of the individual, has paid the covered entity in full.

Confidential Communication: You have the right to request that we communicate with you about your medical information in confidence by means or to locations that you specify. You should make your request in writing, and your request must represent that the information could endanger you if it is not communicated in confidence as you request. You should submit your request in writing to the contact at the beginning of this notice.

We will accommodate your request if it is reasonable, specifies the means or location for communicating with you, and continues to permit us to collect premiums and pay claims under your health plan. Please note that an explanation of benefits and other information that we issue to the subscriber about health care that you received for which you did not request confidential communications, or about health care received by the subscriber or by others covered by the health plan in which you participate, may contain sufficient information to reveal that you obtained health care for which we paid, even though you requested that we communicate with you about that health care in confidence.

Breach Notification: You have the right to receive notice of a breach of your unsecured medical information. Notification may be delayed or not provided if so required by a law enforcement official. You may request that notice be provided by electronic mail. If you are deceased and there is a breach of your medical information, the notice will be provided to your next of kin or personal representatives if the plan knows the identity and address of such individual(s).

Electronic Notice: If you receive this notice on our web site or by electronic mail (e-mail), you are entitled to receive this notice in written form. Please contact Human Resources to obtain this notice in written form.

You know that you may save money when you see doctors and hospitals in your health plan's PPO network. But, did you know that with your Blue Choice Options benefit plan, you can save more money by using a doctor or hospital that is part of the Blue Choice OPT PPOSM network?

What Is a Blue Choice Options Plan?

Learn about the different tiers so you can make smart choices and get the best value.

Why Using a Blue Choice OPT PPO Network Provider Saves You Money

The Blue Choice OPT PPO network has many doctors and hospitals that can meet all your health care needs. They all meet Blue Cross and Blue Shield of Illinois (BCBSIL) quality standards and have agreed to offer you care and services at a lower cost.

Tier 1

Blue Choice OPT PPO Network

Best value, the least out-of-pocket costs with in-network providers

Tier 2

Larger Statewide PPO Network

Larger network, more out-of-pocket costs with these providers

Tier 3

Out-of-Network

Out-of-network, highest out-of-pocket costs, you may have to pay those fees up front

Appendix B

How to Find a Tier 1 or Tier 2 Provider

Log in to Blue Access for MembersSM (BAMSM) at bcbsil.com/member, register for a BAM account using your name, date of birth and identification number found on your member ID card. When you search for providers in BAM, it will take you to network providers only.

For basic provider searches, you use Provider Finder[®] without logging in to BAM. Visit bcbsil.com and click on the **Find Care** tab and select **Find a Doctor or Hospital**, and click **Search as Guest**. Under **Plans**: enter your search criteria:

- When you choose **Blue Choice OptionsSM (BCO)**, you will get a list of Tier 1 providers only.*
- When you choose **Participating Provider Organization (PPO)**, you will get a list of Tier 2 BCO providers.
- Or you can Browse by Category or Search for Names and Specialties.

* If you change the option to view "All Tiers", then results are sorted with Tier 1 providers to the top and Tier 2 providers are displayed below. The top tier providers will have Tier 1 listed by their names and the Tier 2 providers will just have the provider's name with no tier listed.

Choosing Tier 1 and 2 Providers Can Help You Save Money

The Edge You Get with Blue Choice Select PPO™

Giving you access to a network of quality physicians and hospitals at a lower cost.

The Blue Choice Select PPO plan offers access to select high quality, independently contracted hospitals and physicians nearly everywhere in Illinois.* To be a Blue Choice Select PPO member, you must live within the geographic area that the Blue Choice PPO™ network serves (additional information is available in the Benefit Booklet).

The hospital network is based on location, the number of board-certified physicians on staff and other quality measures that Blue Cross and Blue Shield of Illinois (BCBSIL) sets for all its networks.

The Blue Choice Select PPO plan gives you the freedom to access care without having to obtain a referral to see a specialist.

Take an active role in managing your health care and out-of-pocket costs

When you use a Blue Choice PPO network provider, you will pay less out of pocket, you won't have to file any claims and you get the highest level of benefits. If you use a doctor or hospital in Illinois, but outside the network, you'll still be covered, but your out-of-pocket costs will be much higher.

For specific information about the benefits your employer offers, including copayments or limits on care, see your Summary of Benefits and Coverage or your Health Care Benefit Program Certificate booklet.

Understanding Your Explanation of Benefits

An Explanation of Benefits (EOB) is a notification provided to members when a health care benefits claim is processed by Blue Cross and Blue Shield of Illinois (BCBSIL). The EOB shows how the claim was processed. The EOB is not a bill. Your provider may bill you separately.

THE EOB HAS THREE MAJOR SECTIONS:

- **Subscriber Information and Total of Claim(s)** includes the member's name, address, member ID number and group name and number. The Total of Claims table shows you the amount billed, any applied discounts, reductions and payments and the amount you may owe the provider.
- **Service Detail** for each claim includes:
 - Patient and provider information
 - Claim number and when it was processed
 - Service dates and descriptions
 - The amount billed
 - The discounts or other reductions subtracted from amount billed
 - Total amount covered
 - The amount you may owe (your responsibility)
- **Summary** - Shows you what the plan covers for each claim and your responsibility including:
 - Plan Provisions**
 - The amount covered
 - Less any amounts you may owe, like deductible, copay and coinsurance
 - Your Responsibility**
 - Deductible and copay amount
 - Your share of coinsurance
 - Amount not covered, if any
 - Amount you may owe the provider. You may have paid some of this amount, like your copay, at the time you received the service.

THE EOB MAY INCLUDE ADDITIONAL INFORMATION:

- **Amounts Not Covered** will show what benefit limitations or exclusions apply.
- **Out-of-Pocket Expenses** will show an amount when a claim applies toward your deductible or counts toward your out-of-pocket expenses.
- **Fraud Hotline** is a toll-free number to call if you think you are being charged for services you did not receive or if you suspect any fraudulent activity.
- **An explanation** of your right to appeal if your health plan doesn't cover a health care claim.

Your EOBs Are Available Online!

Sign up for Blue Access for MembersSM (BAMSM) at bcbsil.com for convenient and confidential access to your claim information and history. Choose to opt out of receiving EOBs by mail to save time and resources. Go to BAM and click on **Settings/Preferences** to change your preferences.
