

Setting and Changing Call Times

By default, Absence Management calls you for jobs during the time period set up by your school district. You can customize these times or turn off calling altogether.

Setting Call Times

To edit your options, click the **Preferences** option in the side navigation.

Now, click **Call Times** in side menu and select a district, if applicable.

This actions brings up a window where you determine the following daily call times:

- Don't Call Me** - Causes system to not call on the selected weekday.
- Call me during the district call times** -Returns call times to the district's default

setting.

- Call me between** - Sets earliest and latest times to receive a call notification.

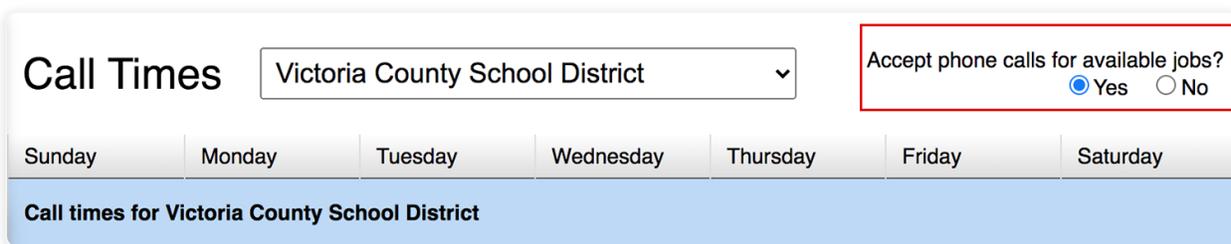

Once you pick your settings, you have two options:

Apply to All - This setting applies these particular settings to every day of the week.

Apply only to - This option only applies your settings to the selected workday.

Allowing Calls

The system provides two additional call time options in the top right corner of the Call Times page. You can either continue to accept incoming calls ("Yes") or disable the feature ("No").

The "No" option causes Absence Management to no longer call with job offers. We do not recommend you enable this option, as it inhibits potential job-finding opportunities. You can, however, still search for jobs online if calling is turned off.
