 - Starting to plan the end of year events
- **Stephanie Posey - Principal**
 - Homeroom starting January 1st.
 - Students will receive intervention or extension time to help them succeed academically and socially.
 - Kids no longer will have to give up lunch to get extra instructional time from teachers.
 - Grouping into Homerooms are random and split by counselors. Each counselor will have 10 Homerooms.
 - Tests are showing little learning loss due to covid however , seeing students struggle with some executive functioning skills (time management skills) from being away from the building. Hoping Homeroom can help with these types of examples.
